SUMMARY
Seasoned Software Engineer with ~4 years of experience in building high-performance web applications. Experienced team lead with expertise in Next.js, Nodejs and Cloud, focusing on performance, scalability, reliability and AI integration.

EXPERIENCE
ASSIST Software, Suceava RO — *Software Development Engineer 2*
august 2022 - present
- Led the frontend development for a multinational eCommerce platform with 3M+ MRR (2x revenue on BF & Christmas).
- Increased RES score on Vercel to 100 by optimizing performance based on Google's Core Web Vitals (CWV) metrics
- Designed and implemented a caching strategy using CDN caching, SSR, and other mechanisms for optimized PDP, PLP, and dynamic pages.
- Developed unit and end-to-end tests using Playwright and Jest to ensure reliability and high test coverage

Tech & Tools: Next.js, Contentful, Playwright, Vercel, Adobe Analytics, Google Analytics, AWS, Jira

wundrig, Zürich CH — *Software Development Engineer*
august 2024 - january 2025
- Developed a short-form content creation and distribution platform from planning to MVP in 5 months, onboarding the first users.
- Trained an AI model for meme generation using OpenAI fine-tuning, with web scraping (beautifulsoup) for dataset collection.
- Implemented a payment system with Stripe and paywalls for premium features to enable monetization
- Built a video processing pipeline using FFmpeg for stitching and formatting content before distribution

Tech & Tools: Next.js, NestJS, Python, Docker, Digital Ocean, Stripe, OpenAI, Cloudflare, FFmpeg

Raisis Software, Suceava RO — *Software Development Engineer*
march 2022 - july 2022
- Developed a scalable React.js component library for an enterprise CRM, standardizing UI across multiple microfrontend projects in a monorepo structure.
- Published 70+ major and 200+ minor releases to ensure continuous improvements and stability
- Deployed the library via AWS CodeArtifact for centralized package management and seamless distribution
- Created comprehensive Storybook documentation to enhance developer onboarding and maintainability

Tech & Tools: React.js, Next.js, Storybook, AWS CodeArtifact

EDUCATION
Stefan cel Mare University, Suceava — Bachelor of Science in Engineering
OCTOBER 2019 - JUNE 2023, SUCEAVA

EXPERT-LEVEL SKILLS
Software Design, React, Next.js, Node.js, NestJS, Python (FastAPI), AI, Testing, CI/CD, AWS, Vercel, Docker, Git, Cloud, Stripe, Payments, Cloudflare, Jira, Digital Ocean

LANGUAGES
Turkmen(native), Turkish, English, Russian, Romanian
